Dear HR Manager,

With a Bachelor's Degree in computer science, few years of hands-on experience implementing software testing/ Quality Assurance in software applications and the ability to troubleshoot and solve problems in a timely and accurate manner, I confidently express my interest for the position of software engineer in your company.

I enjoy being challenged and working on projects that require me to work outside my comfort and knowledge set, as continuing to learn new languages and development techniques are important to me and the success of your organization.

Your listed requirements closely match my background and skills. A few I would like to highlight that would enable me to contribute to your bottom line are:

- Highly skilled in designing, testing, and developing software
- Thorough understanding of data structures and algorithms
- Knowledgeable of back-end development best practices
- Hands-on experience in **government projects**

I truly believe in continued education and research and continue to seek new software and methods to assist with product development. I hope to bring my knowledge, and future knowledge, to your organization.

Attached is a copy of my resume that further explains my background and technical skills.

I can be reached anytime via my cell phone, **077 9649596** or via email at **erandak99@gmail.com**. Thank you for your time and consideration. I look forward to speaking with you more about this opportunity.

Thank you,

Your's faithfully,

Eranda Gayashan
