Complaint letter for power interruption

Dear sir/madam,

I am a resident from Wadduwa area. This is to inform you all that currently we are facing a continuous power failure several times per day. And we have online lectures, examinations and assessments to be completed and on time submissions. We were unable to complete the assignments and unable to attend lecture sessions due to the continuous power interruption in this area. We have a final research project submission on tomorrow and also we are encountering with internet problems due power short failures. I am kindly requesting you to consider and solve issue on an urgent basis. Thank you for your time and consideration.

Sincerely,

J. H. S. P. Piyathissa
