

# CEYLON ELECTRICITY BOARD

## PURCHASING OF LAND - WEERAMBUGEDARA

Sealed quotations are invited to purchase a suitable land about **twelve (12) Acres** to construct a 220kV/132kV Grid Substation in an around of 2 km vicinity of Weerambugedara in Kurunegala Area.

The land should be dispute free land and it should not with rocks, flood hazard and marshy land. It should have minimum of 30 feet wide access and should be located in non-congested area. Land located near the high tension line from Habarana to Veyangoda and faced to paddy fields are more preferable for this purpose.

In case of no single owner land is available, adjoining small lands may be quoted to form the above extent. The purchase price of the land will be determined by CEB based on the Government valuation given by the Department of Valuation.

The sealed quotations should be forwarded with the following information to undermentioned address on or before March 27 2020 by registered post and at the top left-hand corner of the envelope should be titled "**Purchase of Land – Weerambugedara**".

### Required Information:

1. Name, address and contact details of the owner.
2. Details of access to the land.
3. Extent of the land and selling price.
4. Copies of the deed and the plan.
